Support South Ogden City's Local Businesses—On Saturday, November 26, 2011 the **Shop Small** campaign was launched to remind us all to support our local stores and businesses. The program reminds us of the small businesses that are located in our community. We have many small businesses in South Ogden City and we would like to encourage each of you to support these businesses during this Christmas shopping season.

Merry 
Christmas 

South Ogden Department of Public Safety's Angel Tree

The South Ogden Department of Public Safety's Angel Tree program was created in 1999 so that all children may experience the magic of Christmas! This program has been a success each year thanks to the generous citizens of South Ogden City. Each angel on the tree represents a child in need, living in South Ogden City. It will include their gender, age, and type of item needed. If you are interested in adopting an angel this year, the tree will be located in the police department lobby. Items will need to be returned to the police department by December 16. Get into the true spirit of Christmas this year by adopting an angel from your very own community.

Public Works Reminders

Snow Removal: Any property owner and/or persons occupying property are responsible for removing snow from the sidewalks that border the property. It is unlawful to deposit snow and ice into the road.

No Parking: It is illegal to park or leave anything on the road from **November 1 to April 1 between the hours of 1 a.m. and 7 a.m.** with the exception of physicians and authorized emergency personnel. Parking interferes with snow removal. Parking is prohibited during or after a snowstorm. It is unlawful for anyone to park or leave a vehicle for more than 48 hours on any street, public road, alley, or municipal property. **Plows will not return to clear snow from areas where a vehicle has been parked.**

Depositing On Streets Prohibited: It shall be unlawful for any person to remove snow, ice or slush from private property and thereafter to deposit by any means or device upon any city street. A citation will be issued for depositing snow, ice, etc. on city streets.

Mailboxes that are damaged by a City snowplow will only be replaced by the City if they comply with the policy for proper installation. This requires the closest part of the mailbox or structure at least 4 feet above ground with the front of the box even with or behind the curb. The posts cannot be rotten where the weight of the snow breaks the post. Residents are required to keep area clear for delivery.

Trash Cans need to be removed from gutters as it makes it difficult for street sweeping and snow removal.

Snow Caves: Please do not let children build snow caves anywhere around the park strips or driveway entrances. It can be very dangerous to children and snow plows drivers.

If you have any questions or concerns, please contact the Public Works
